

Dreaming of faraway places? Would space be far enough?

Astronomical centre Rijeka

- the first and only centre in Croatia with both an observatory and a digital planetarium
- the only digital planetarium in Croatia and in the wider region
- the winner of the special prize in the "Tourist Offer or Amenity" category
- the Rijeka planetarium is a member of the International Planetarium Society (IPS)
- it is entirely suitable for the disabled

Other contents:

- a park with Submediterranean vegetation
- an Early Baroque church
- Illyric ruins
- a café
- a walking path
